REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance. In regard to claim 6, the prior art does not teach or suggest means for comparing the measured tissue impedance over at least a portion of the range of tissue temperatures between 20°C and 38°C with reference tissue impedance of the normal tissue adapted for tissue differentiation. In regard to claim 16, the prior art does not teach or suggest an apparatus with processing means for analyzing tissue impedance data over the range of tissue temperatures to obtain a first impedance-temperature derivative of the tissue impedance versus tissue temperatures. In regard to claim 20, the prior art does not teach or suggest a method including the method step of acquiring tissue impedance data over the range of tissue temperatures to obtain a first impedance-temperature derivative of the tissue impedance versus tissue temperatures and the step of comparing said first impedance-temperature derivative at a tissue temperature of interest with reference first impedance-temperature derivative of the normal tissue at said tissue temperature of interest adapted for tissue differentiation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
